

November

Kindergarten

This month in literacy we will continue to work on letter formation and sounds. We encourage you to practice letter sounds at home with you child as the masks prove to be a challenge to hear some of the letter sounds clearly. We will start to work on some patterning in math this month and continue working on number recognition and formation.

A big thank you to parents, we really appreciate you sending in supplies for our classroom. We have lots of kleenex which is wonderful. If you wanted to send anything in, we could use some more hand sanitizer for around the classroom.

*We have decided that in order to cut down on the amount of times students are getting up during snack time to throw out garbage (since they do not wear masks during snack) we are asking students to instead put their garbage in their lunch pail and they can throw it out when they get home. We appreciate your cooperation in this matter. 😊

Important Dates:

November 6 - Progress Reports go home

November 11 - Remembrance Day

November 13 - P.A. Day - No School

The page is framed by a decorative border of stylized orange and brown leaves and acorns. The acorns are depicted with a brown, grid-patterned cap and a smooth, orange-brown nut. The leaves are simple, three-lobed shapes in various shades of orange and brown.

Exciting News!

We want to welcome our new ECE who will be with us for the rest of the school year. We are so excited to have her in our class! Here is a little bit about her...

HI! I'm Mrs. Jessica Aird It's official, I am your child's new Early Childhood Educator for the year! I am so excited and happy to work with you, your child and the staff here at St. Patrick school. I thought you might like to know little bit about me. I'm married with three wonderful children William, Amelia and Isabella, they take up most of my free time but some of my hobbies are cooking/baking and crafting. I graduated from Mohawk College in 2010, this will be my tenth year of being an Early Childhood Educator, half of those years being in Kindergarten. I absolutely love kindergarten and all the exploring, learning, and fun we get to have! I look forward to a great year of learning :)
